Celebrating National Volunteer Week 2020

National Volunteer Week (NVW) is the annual celebration to acknowledge the generous contribution of our nation's volunteers.

National Volunteer Week celebrates, recognises and promotes the value of volunteers and volunteering.

During National Volunteer Week thousands of events are held across the country to say thank you to the millions of Australians who volunteer their time. The week-long celebration includes breakfasts, morning and afternoon teas, and lunches, as well as open days, award ceremonies, forums and training sessions.

NVW celebrations and events play an integral role in facilitating important discussions on volunteering and informing Government policies and programs.

Volunteering Australia coordinates National Volunteer Week in consultation with the State and Territory volunteering peak bodies.

The theme for National Volunteer Week 2020 is:

Changing Communities. Changing Lives.

The theme is reflective of the impact volunteers have on communities. The wide variety and enormous hours volunteers commit to communities across the nation help to change communities and the lives of those in the communities.

We encourage all volunteer involving organisations to proudly promote the upcoming celebrations and use the resources widely to help increase the awareness of the good work of volunteers.

A suite of resources are available for everyone to use leading up to and during NVW. Be sure to review these when you are planning your events. With a unified voice we can amplify the benefits of volunteering and encourage participation for the future.

NVW2020 resources will include:

- Logos
- Social media tiles
- Email signature banner
- Posters
- Factsheets
- Certificates of appreciation
- Event Invitations

NVW Logo

The logo design for NVW2020 is simple, modern and easy to incorporate into templates and existing literature.

It can be used in colour or black & white, on a white background or black background as per the examples shown opposite.

If you have any other questions on the use of the logo or require the logo in any other format, please email: media@volunteeringaustralia.org

Clear space

To ensure clarity and readability, the logo should never be reproduced smaller than 40mm, regardless of if it is on a colour or white background.

Clear space denotes the area around the logo in which no other type, graphic and/or photographic elements must encroach.

The amount of minimum clear space is measured by the distance of 'X' where 'X' is equal to the height of the word VOLUNTEER in the logo and must be consistent around the perimeter of the logo.

When on a black background bordered by the background, the clear space area is the black background.
