

Volunteer Recruitment

Volunteer involving organisations looking to recruit volunteers can register volunteer opportunities on the [GoVolunteer](#) website or contact the [volunteering peak body](#) in their State or Territory for advice.

Volunteer recruitment websites

- Organisations can promote their volunteering positions via GoVolunteer and interested volunteers will be able to apply directly to the organisation - [govolunteer.com.au](#)
- By posting a position on GoVolunteer, the role will be shown on multiple websites, including the State and Territory volunteering peak body websites, GoVolunteer, SEEK Volunteer and over 40 search widgets on Volunteering Support Service websites.

Emergency volunteer platforms

The State and Territory volunteering peak bodies each have an emergency volunteering site. Currently, these are focused on recruiting and matching volunteers in the context of the ongoing COVID-19 emergency. Volunteers register their interest in volunteering via these sites and organisations seeking volunteers liaise with the relevant peak body to access these volunteers.
