

IMAGINE COMMUNITIES WITHOUT THE POWER OF VOLUNTEERS

2014 marks 25 years of National Volunteer Week.

A week when we take time to celebrate the volunteers who empower and support resilient communities through their work.

Thank you to all the volunteers who work in support of families, Indigenous communities, young people, aged people, veterans and service people, migrants, refugees and asylum seekers. Thank you to the volunteers who make all our recreational and sporting activities possible.

Thank you for having the imagination to make a difference.
